

## Presentation of the Italian National Research Portal

[\[further information\]](#)

### Tuesday 2<sup>nd</sup> October 2007

The best practices of the Italian National Research Portal will be presented at an event held in the European Parliament in Brussels, Belgium, on 15 October.

The aim of this event is to present the experience of the Italian National Research Portal, which represents an internationally recognised best practice in innovating research communication and improving the connection between public research centres and third parties such as industry and civil organisations.

By presenting this experience, CINECA (the Italian Interuniversity Consortium) and the Italian Ministry of Research hope to proactively contribute to stimulating new European initiatives aimed at improving communication and coordination between national research systems.
